

FR 125 // Test de phonétique 3

This assignment has to be completed in the Language Resource Center (Lovejoy 404-406). Help will be provided at the lab if needed. You will use one of the computers to record the sentences below. I encourage use to do the following before recording your test :

•Practice each sentence several times ; to verify the pronunciation of particular sounds, see Phonétique : <http://www.colby.edu/lrc/projects/phonetique.php> (course website)

•Try to produce the sentences as authentically as possible ; think about intonation and rhythm.

•Once you feel that you are ready to do the recording, be sure that the computer's microphone is well adjusted. If I cannot hear you on the recording, you may not be able to rerecord and resend your test.

•Be sure to pause between sentences, if you need to. Should you make a mistake, repeat the sentence in its entirety.

•Please record the dialogue (without repeating the names of the individual speakers or the number of the sentences) in a single recording (format: mp4) and e-mail the recording to your professor by 5 pm, November 5 (Adrianna.Paliyenko@colby.edu).
