

Read Sections 11.7 and 11.1 (in that order), skimming the topics which will be presented by someone else.

1. HOMEWORK:

- (1) Liwei should be prepared to present the material from 11. 7 on pages 217 - 221, focusing on the statement and proofs of 11.37 and 11.39.
- (2) Raj should be prepared to present the material from pages 223 - 224. Use D_∞ as a running example. (See also Example 11.4 on page 201.)
- (3) Problems (5) and (6) on page 183.
