

Read Sections 11.4 and 11.5, skimming the topics which will be presented by someone else.

1. HOMEWORK:

- (1) Brian should be prepared to present the material from Section 11.4. Focus attention on 11.22 and 11.23. Also present Exercise 11.25.
- (2) Haoyu should be prepared to present the material from Section 11.5. Also present Example 11.26, and try to determine the number of ends of some of the other groups we've studied (free products of finite groups, W_{333} , D_∞ .) Can you figure out how $e(A)$ and $e(B)$ relate to $e(A \oplus B)$?
- (3) Do problems (8) and (16) on page 226.
