GROUP PROJECT: REFLECTION RUBRIC

This form is used for self evaluation and reflection for group work.

Please submit a 350-500 word reflective essay summarising your Group Project experience. You should reflect on the Group Project experience on the whole and particular examples of successes/problems you came across. Some topics you may want to include are:

1. Did you find the topic interesting? Did you find the topic accessible? Did you find the topic manageable? Provide examples in support of your discussion.
2. How well did you work in a group? What things did you learn by working in a group environment? What aspects of the group environment were positive/negative? Provide examples in support of your discussion.
3. How would you approach a groupwork environment differently in the future? What aspects of working in this particular group environment would you carry forward to a future groupwork experience? Provide examples in support of your discussion.
4. Anything else you think of while reflecting on the group experience.
