EXTRA CREDIT POLICY

Please read through the following guidelines outlining the use of Extra Credit in this class. If you have any questions then feel free to get in touch.

Disclaimer: I reserve the right to modify this policy no later than the end of the fifth week of the semester.

1. Each student will have the opportunity to earn up to a maximum of 12 percentage points in extra credit.
2. **Paper:** There will be opportunities for students to submit a paper for extra credit. Each paper will be worth at most 3 percentage points of extra credit. A paper must make use of, build upon, and be a synthesis of, at least two different sources.

Students wishing to submit a paper must notify me of their paper topic via email or in person. The student will then have five days to submit their paper.

Some ideas for paper topics are posted at the course website. You are welcome to suggest your own idea for a paper topic although **topics must be approved by me in advance**.

3. Papers must be submitted by 6pm, May 14.
